

# Cambridge English Schools

Dear School,

Cambridge University Press and Cambridge English Language Assessment are delighted to welcome **Colegio Nuevo Gimnasio Cristiano** to the Cambridge English Schools programme.

As a Cambridge English School you will stand out by offering a programme that integrates English language learning materials and qualifications from two departments of Cambridge University, one of the world's leading universities.

You will also have access to a number of unique benefits, as agreed as part of the collaboration between our organisations. At the end of the first year of the programme, you will receive a certificate and plaque for your school to put on the wall (subject to conditions).

In this welcome pack you will find:

- A template letter (on memory stick) and leaflets to tell parents about the Cambridge English Schools programme and the benefits it will bring their child
- Posters for your school
- Exam handbooks
- Presentation materials to tell your teachers, parents and students more about the programme (on memory stick)
- A template advertisement for your school to promote the fact that it is a Cambridge English School (on memory stick)

We look forward to working with you to provide an integrated English programme that will give your school a competitive edge. If you have any questions about the programme, please contact Olga Gualteros, Senior Business Development Consultant Colombia, [olga.gualteros@cambridgeenglishreps.org](mailto:olga.gualteros@cambridgeenglishreps.org) at any time.

Best regards,

Rosario Aguerre  
Cambridge English Language Assessment

Juan Carlos Salamanca
